

## Safety Cleaning Tanks

Self-closing dip tanks and wash tanks provide a safe, portable solution to parts cleaning

- Clean parts where the volume of work does not warrant a larger rinse tank
  - Use dip tanks for singular, larger piece parts
  - Wash tanks include baskets for cleaning small parts
- Tanks and baskets constructed of sturdy, 24-gauge coated steel with powder-coat finish for chemical resistance
- Tank cover stays open for convenient access; self-closing mechanism and fusible link melts at 165 F (74 C) to snap the cover shut in case of fire
- Models with removable, high-density polyethylene liner permit use with harsh, corrosive chemicals
