

**ENSORB Super Absorbent – 1.5 Cubic Ft Bag**  
**SKU# ENP D225**

ENSORB is a highly efficient granular absorbent that is lightweight, environmentally friendly, and landfill safe. These properties result in lower shipping and disposal costs, and save you time when trying to clean up a spill. This 1.5 cubic foot bag is surprisingly lightweight making it easy to carry wherever a spill might occur, yet large enough to handle big spills.

Features:

- Landfill safe
- Low disposal costs
- Super absorbent for more efficient cleanup
- Absorbs almost any liquid, including water
